

Optometric Technician

International Eyecare Center (IEC) is seeking highly motivated individuals who thrive in a fast-paced environment to join our team. At IEC, we strive to provide our patients with the highest quality of products and services in a truly caring and personalized environment. Ideal candidate has previous medical or technician experience.

As an optometric technician, you will perform preliminary testing using computerized instruments to assess each patient's visual acuity and eye health, instruct patients on the insertion, removal and care of their contact lenses and educate patients on the pre and post-op instructions of eye surgeries such as LASIK or Cataract Surgery.

If you are self-driven, willing to work flexible hours, have great computer skills and excellent customer service skills we want you to apply today.
